

# Download

The screenshot shows a user interface for downloading a file. On the left, there is a blue folder icon with a white cloud inside, and below it, a rating of 5.4 stars with the text "200 votes". To the right of the folder icon, the text reads "File was found and ready to download!" followed by "REPORTED BY: HOSKIN-KAHO". Below this, it says "Fastest Source: useget.nl" and "Click the download button and select one of the found cloud sources." A prominent blue "Download" button with a white downward arrow is visible. At the bottom of the interface, there are three navigation links: "Navigation" with a list icon, "Registration" with a document icon, and "FAQ" with a question mark icon. A small note above the navigation links states "You need to log in before you can post comments."
