nfs rivals 60fps crack download Nov 28, 2013 343 Industries, Xbox One makers, got a lot of flak for the frame rate lock the game suffers from. However, a . Dec 19, 2013 I'm playing on my Alienware m15x with an AMD Fury HD 6850 and my frame rate cap is at 30fps at 1920x1200. But the game runs great. . I have a GTX 7600 (I think), but I'm not sure on the frame rate cap being at 30. But my point is that with the card it's low, but it can be just as high as. Dec 20, 2013 For those who are curious, I was able to get it up to 60FPS at 1920x1200 and 30FPS at 2560x1600 (without the stretch) which is pretty good if you were on 15" tvs at those... I currently am playing it at 30FPS. Dec 20, 2013 I agree with the comment above that at lower resolutions it runs fine, the issue comes in when the game is run at 1920*1080 and 30 frames per second. And even then,. Mar 15, 2014 I'm playing on my Alienware m15x with an AMD Fury HD 6850 and my frame rate cap is at 30fps at 1920x1200. But the game runs great. . Dec 27, 2013 I've been playing on PC for some time now, and I must admit that I always thought that NFS Rivals on Xbox One would be a horrible game because of all the issues it has on PC, but it is actually, surprisingly, great. From frame rate, level of detail,. June 7, 2014 I played NFS Rivals (PC) just now - and noticed something: the game runs at 30fps but it can go to 60fps. The issue is that the game locks to 30fps as soon as I go to 60fps. I find this a problem in itself, as my controller doesn't allow me to go past 30fps. The game is still. May 26, 2015 I know this is a bit late but I went to try this on my PC and the frame rate cap does not seem to go up past 30. Even at 2560x1600 the frame rate cap is still locked at 30, which is really odd. I have a GTX 970 and it is pushing. May 30, 2015 ba244e880a
