
Rocket Propulsion K Ramamurthi Pdf 12

1st edition Ramamurthy K. from Flipkart.com. ... This book is devoted to the fundamental aspects of rockets and modern trends in the field of rocket propulsion. It deals with various types of rockets, their designs and principles of operation, rocket technology in the past and present, problems of rocket movement related to energy, rocket mechanics, rocket fuel, controllability, space navigation, etc. When presenting the material and illustrating it, the author relied on the achievements of his colleagues, primarily, of course, Russian scientists and engineers, as well as on his personal impressions and experiences.
